

TWIN LAKES PROTECTION & REHABILITATION DISTRICT  
STORMWATER MANAGEMENT, NON-POINT POLLUTION  
& MITIGATION COMMITTEE

August 16, 2006 -- MINUTES

Vytau called the meeting to order at 7:05 p.m.

Roll Call: Vytau Barcas, Barb Robinson, Ross Boone, Jim Rukas, Bob Livingston

Jim made a motion to approve the minutes of July 19, 2006, Ross seconded, motion approved.

Old Business:

Non-phosphorus Fertilizer – All signs were removed and will be replaced after Labor Day.

Stormwater ordinances – Nothing to report

Esch Road Project – We should know if grants were approved soon.

Update Village Maps – We are working on these.

Lakes Testing – Vytau is working with the County and testing the channels, lakes and beaches. This committee will target 12 areas that will be tested on a regular basis. We selected the locations and will test them once a week during a dry spell and after a rain.

Sand on Shoreline – Village Board will prepare an ordinance to keep sand 15 feet off the shoreline.

Driveway Sealants – Village Board requested a copy of coal tar sealants report as reported in Stormwater Magazine.

Vytau will provide this to them.

Quarterly Meeting – Bob Livingston updated us and reminded us to attend meeting on August 27, 2006 to vote on committee members and leaders.

Vytau made a motion to ask the communication committee to address the mis quotes in the newspapers pertaining to the Twin Lakes Protection & Rehabilitation District, including all committees associated with the District. Also, when a newspaper reporter approaches a committee member for an interview, it is recommended another committee member be present to keep the facts accurate. Barb seconded. Motion approved.

Next meeting date is September 13, 2006.

Barb moved to adjourn at 8:14 pm, Ross seconded, motion carried.
